Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Cortrade E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by Wells & Haymaker."

Where Man and Dog Differ.

"Pedigree in a dog makes him valuable, doesn't it?"
"Certainly."
"Funny, isn't it?"
"What's funny?"
"Why, it's my experience that pedigree makes a man pretty darn worthless."—Chicago Post.

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by Wells & Haymaker.

Few Prayers.

Yern—Now, if all men would vote as they pray this would truly be a happy world. Uern—But if that should ever happen you wouldn't get the average man to the polls once in ten years.—Catholic Standard.

Their Good Offices.

"I see they're advertising twenty-five cent lunches. What do they give you?"
"An appetite for your dinner."—Philadelphia Ledger.

Chance is a word void of sense. Nothing can exist without a cause.—Voltaire.

Twenty Years Trial.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation or exposure, causing weak and watery blood and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the fool into rich red, making strong, steady nerves and giving the strength, producing solid flesh at the rate of 1 to 3 lbs. per week. It's means health. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c per box, or 3 boxes for \$2. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures, which we have been doing for 20 years. Sold by Stone & Mercer.

No Place For Ice-men.

"I had letters to a prominent official in Porto Rico," said a New York manufacturer of artificial ice plants, "and I went down to that island, thinking I had a sure grip on a big thing. I made an appointment by letter and on a certain day and hour was ushered into his office, and we had no sooner shaken hands than he turned to the attendant and said:
"Jose, bring the gentleman a fresh glass of lemonade and see that it is good and hot."
"It was hot enough to melt a dog, and I felt rivers of perspiration running down my back, and when that boiling hot lemonade was brought in I knew that I was dashed. So it turned out. I might have sold red peppers or horseshoes, but as for ice—they didn't want any in theirs."

Happy, Healthy Children.

Any child can take Little Early Risers with perfect safety. They are harmless, never gripe or sicken, and yet they are so certain in results that robust constitutions requiring drastic means are never disappointed. They cannot fail to perform their mission and every one who uses DeWitt's Little Early Risers prefer them to all other pills. They cure biliousness. Sold by Wells & Haymaker.

Escaped Her Nettle.

"How did you like the way the minister animalized upon our colloquialisms last Sunday?" asked Mrs. Oldcastle.
"I didn't notice it," replied her hostess. "Me and Joseph were crowded out of our own pew and had to set where we couldn't see him when he wasn't standing up."—Chicago Record-Herald.

The Spinster Aunt's Opinion.

Aunt Jane—She certainly wouldn't be justified in marrying a man she did know.—Boston Transcript.

A Thousand Dollars Thrown Away.

Mr. W. W. Baker, of Plainview, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks be to this great remedy, it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar and would ask those afflicted to try it." Sold by Stone & Mercer, C. D. Sturm & Co., and R. J. Criss.

It Was Just Possible.

"I don't understand," said Mrs. Youngmeyer, "why it is that baby won't go to sleep. Here I have been sitting and singing to him for the last hour, and yet he keeps crying and seems just as wide awake as ever."
"Well," said her husband thoughtfully, "I don't know, of course, and perhaps I am wrong, but it may be that baby has a musical ear."

The Name Witch Hazel.

The name Witch Hazel is much abused. E. C. DeWitt & Co., Chicago, are the inventors of the original and only genuine Witch Hazel Salve. A certain cure for Cuts, burns, bruises, eczema, tetter, piles, etc. There are many counterfeits of this salve, some of which are dangerous while they are all worthless. In buying Witch Hazel Salve see that the name E. C. DeWitt & Co., Chicago, is on the box and a cure is certain. Sold by Wells & Haymaker.

Whittier's Safeguard.

When an overtired visitor from the city once commented to the poet Whittier upon the insecurity that seemed inseparable from so many doors opening out from all sides of the large old country home, the master of the house strove gently to restore confidence by pleading that most of them were locked at night.

So Deceptive

Many Clarksburg People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause—then cure it. Nine times out of ten it comes from the kidneys. That's why Doan's Kidney Pills cure it.

Cure every kidney ail from backache to diabetes. Here's a Clarksburg case to prove it. Mrs. S. N. McClaskey, wife of S. N. McClaskey, carpenter, of 744 Mulberry street, says: "For some time Mr. McClaskey complained of pain in his back and other symptoms of kidney complaint. Often the pain was torturing to stoop or lift and if he even remained long in one position dull aching, very difficult to describe and harder to endure, ensued. As time passed each succeeding attack was more prolonged and more pronounced until they continued for a week or ten days at a time, rendering Mr. McClaskey unable to go about. Learning about Doan's Kidney Pills, he went to Wells & Haymaker's drug store for a box and tried them. This remedy acts directly upon the kidneys. You can tell that from the action and condition of the kidney secretions. When they are rendered normal backache ceases, at least, this is the result to my husband's experience with the remedy." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

OIL NOTES

In the upper end of the Folsom district, in this county, the South Penn Oil Company has drilled its No. 5, on the W. R. Hall farm, 12 feet into the Gordon sand and the well is producing a little oil. On the west side of the Folsom district, the same company has drilled its No. 54, on the L. G. Robinson farm 30 feet into the stry sand and has developed no oil. The same company's No. 21, on the J. B. Duhurst farm, has been drilled into the pay and made a 40 barrel flow from the Gordon. On the east side of the district, the same company's No. 3, on the C. E. Robinson farm, is holding up at 253 barrels a day. On the east side of the Folsom district in this county, the South Penn has given its No. 4, on the C. E. Robinson farm, a shot and increased its production to 17 barrels an hour.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia, and expels malaria germs. Only 50c, and satisfaction guaranteed by Frank C. Bland druggist.

WILLS

Of Various Persons of the County Are Filed in the Clerk's Office For Probate.

Several wills have been filed in the county clerk's office for probate: Mary Reed gives all her real and personal property to her sister and brother Margaret and John Reed. Mrs. Ary Vincent bequeaths all she is due from her son, Jacob L. Vincent, to him. She divides the remainder of her estate equally among her heirs at law, and names Marion T. Vincent, as executor. Annie R. Crook gives all her personal property to her sister, Emma S. Norman, and names P. C. Cunningham as executor. John Sigley gives his three daughters Emma E. Sigley, Mary M. A. Sigley and Margaret M. Sigley, each bed and bedding, a cow, and the first named a mare \$100 each in money, carpets, spring wag on and harness outfit of farm, 5 years after which the land is to be sold and divided equally among his nine children.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, O. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know it, the only sure cure for coughs, colds and all lung diseases. Guaranteed by Frank C. Bland, druggist. Price 50c and \$1.00 Trial bottles free.

Ducks and Drakes.

A schoolboy in Jewell City, Mo., was assigned to prepare an essay on the subject of "Ducks," and this is what he wrote: "The duck is a low, heavy set bird, composed mostly of meat and feathers. He is a mighty poor singer, having a hoarse voice caused by getting so many frogs in his neck. He likes the water and carries a toy balloon in his stomach to keep him from sinking. The duck has only two legs, and they are set so far back on his running gears by nature that she came purty near missing his body. Some ducks when they get big have curls on their tails and are called drakes. Drakes don't have to set or hatch, but just loaf, go swimming and eat. If I was to be a duck, I'd rather be a drake every time."

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. 10th street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by G. C. Stone, druggist.

Why He Did Not Tarry.

The importunate lover had just proposed. "Let your answer be a vowel with a consonant on either side of it," he gently begged her.

The charming girl smiled. "Very well," she said. "Git"—Cleveland Plain Dealer.

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Busken's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Frank G. Bland, druggist.

The brain is an important organ, serving as it does to keep the head from collapsing. Almost all styles of doing the hair call for a head of some sort. Again, there is nothing like a head to set off a fine neck. Finally, we should feel rather foolish without our heads.
For a long time scientists were unable to discover why it is that the brain is divided into white and gray matter. It remained for a clever French savant to solve the difficulty.
"Quite likely," said he, "the loud colors had not yet come in when man was created."
Psychology deals with the organic aspect of thought. To psychology we owe the knowledge that calf's brain makes good soup.—Puck.

A Newspaper Worth Reading.
The Pittsburg Times is a conservative careful newspaper for particular people. Its statements of fact and comments on them are concise and correct. Its departments are in charge of experts, and its authority in all matters pertaining to the events of the world at large and of the community it represents more particularly is recognized. It has no Sunday edition, and its position in that regard in Pittsburg is as unique as its thorough reliability in every way. Staunchly Republican in political policy it yet gives all the news of all parties. Its moral tone is high, and enlightenment of every creed find in its columns more news of their interests and work than in all its contemporaries combined. Sports are given the prominence they deserve and no more. The news concerning them is bright, timely and adequate, for the work is done by a master. Theaters in The Times as in no other paper have the truth told about them and the plays they offer. No business considerations ever interfere with the publication of criticisms that really criticize in this department, too, the work is done by a master. Society and the affairs of women find careful and complete exposition on the page devoted to them. Industrial matters are accorded the prominence they merit in a Pittsburg paper, while the stock market is given the attention that has brought The Times into the front rank of financial authorities. Above all The Times is a model not only of brevity of statement but of dignified simplicity in its typographical appearance. It offends neither the eye nor the sensibilities. Those things that are of importance are treated accordingly. Those that are unimportant are handled in keeping with their value. Each issue of The Times is a day's history of events the wide world round. Its price is one cent daily or \$3.00 a year.

FRUITS MAY BE KILLED.

Reports from the agricultural districts are to the effect that the hard winter has killed all fruits except apples. However, there is difference of opinion as to the condition of the trees and the buds, which are now appearing. Late reports say the strawberry crop will be good, the snow of the winter having protected the vines. Eastern reports are not encouraging as to peaches.
